OK, I'll see what I can do then.

I will not be back in the office until June 5.

I ended up being out myself the last couple of days with a nasty cold (including all of the holiday weekend) and I am still digging out. If you are going to be in the office next week, you can check the hard copy then. I still need to see if there is an efficient way to do this electronically as we really need to consider this option for the next contract period. But I need to visit with JoAnn and probably Will to determine how this can most easily be done. I know I wouldn't need to scan anything because all the documents are on CD. I'll keep it on my list for looking at.
Thanks!

I'm getting ready to leave now for the weekend; if you're still out next week, I'll see what I can do. We probably need to start working toward getting these electronic anyway. But there are a lot of pieces. So let me look at it fresh on Tuesday. Thanks!

Can you scan and send it to me?

Technically, the due date on that is today but I'm guessing you're not here. Also, FYI - JoAnn and I are working on Program Management Cost Comparisons again to get an idea of how CB&I stacks up against EQM in the procurement area. I have given her some history from SDMS but she needs to do further analysis. In the meantime, she has already approved the invoice for payment. If you're not here, just do it when you get back. Thanks and have a good holiday!
